## bibliography

Cultural Relevance rating: 5 The anthologies do focus on mostly Europe and Asia and are deliberately organized to promote cultural and racial understanding. Consistency rating: 5 The terminology used in this anthology is consistent. The writing was polished and the style was professional. Cultural Relevance rating: 5 I noticed no cultural insensitivities.

## Genetic variation and population structure of krill ( *Euphausia superba* ) in the Atlantic sector of Antarctic waters and off the Antarctic peninsula

A word to the instructor: The texts have been chosen with the idea that they can be compared and contrasted, using common themes. Choose a language from the menu above to view a computer-translated version of this page.

## Bibliographies in Gender and Women's Studies

The volume closes with a selected, general bibliography. I found the text helpful and plan include it in an undergraduate ancient literature course that I will be teaching in a few months.

## Bibliographies in Gender and Women's Studies

It is extremely convenient to have these sources combined for use in literature, humanities, and history courses. Kyoungnye Kwon is an assistant professor in the English department at the University of North Georgia.
