Ad Sallustianum textum emendandum quod primum a novos insipientibus libros quaeri solet quantum ii confērant, iudicare ipse omnino non possum; gravioribus enim in praesentia muneribus districtus, rem accurate diligenterque perpendere totam nequivi; indicia tantum attuli, unde alii Sallustianarum rerum peritiores ubiores fortasse fructus perciperent. Titles include a wealth of travel accounts and diaries, histories of nations from throughout the world, and maps and charts of a world that was still being discovered.
