Dr. Maria Montessori, Founder of Montessori Schools

Although Montessori and her educational approach were popular in the US, she was not without opposition and controversy.

Maria Montessori August 31, 1870—May

6, 1952 was a pioneering educator whose philosophy and approach remain fresh and modern one hundred years after her work began. In September of the same year she was asked to represent Italy at the International Congress for Women in Berlin, and in her speech to the Congress she developed a thesis for social reform, arguing that women should be entitled to equal wages with men.

Dr. Maria Montessori, Feminist

Montessori held peace conferences from 1932 to 1939 in Geneva, , , and , which were later published in Italian as *Educazione e Pace*, and in English as *Education and Peace*. In 1929, together with her son, Mario, she established the , to ensure that her philosophy and approach to education would be carried on as she intended. In her work at the University of Rome psychiatric clinic Dr.

About Montessori

THE MIDDLE SCHOOL AND HIGH SCHOOL PROGRAM Montessori had many ideas for the child at this age.

Dr. Maria Montessori, Feminist

Montessori graduated from the University of Rome in 1896 as a doctor of medicine. That year, at the age of 16, she continued at the technical institute Regio Istituto Tecnico Leonardo da Vinci, studying Italian, mathematics, history, geography, geometric and ornate drawing, physics, chemistry, botany, zoology, and two foreign languages. Recognizing her young patients' need for stimulation, purposeful activity, and self-esteem, Montessori dismissed the caretakers who treated the inmates with contempt.
