## Effective discipline for children

.

### 01 Assertive Discipline

Two Behavior Management Systems, One Classroom: Can Elementary Students Adapt? When the child is in time-out, he should be ignored. Parents should continue to make the important decisions because school-age children cannot always put reasoning and judgment into practice.

## Effective discipline for children

Physical redirection or restraint to support time-out or to prevent a child from harming himself or others may be necessary, but should be done carefully and without violence.

### 01 Assertive Discipline

A token system in which elementary students earn marbles and secondary students earn points is suggested for class wide reinforcement.

## ERIC

Follow directions the first time. The physician should be an advocate for the child as well as a resource for the parent in offering counselling and anticipatory guidance. Discipline should not involve techniques such as time-out see Forms of discipline , spanking or consequences.

Communicate both positive and negative information about the student to the parents.

## **ASSERTIVE DISCIPLINE THEORY IN THE MANAGEMENT OF CLASSROOM DISRUPTIVE BEHAVIORS AMONG SOCIAL GENDER**

Plan to send notes home for each student during the first two weeks of school. Children with special needs and developmental delay require additional adjustments and problem-solving. Jones should first acknowledge he may have a vision problem and alert his parents of this complaint so they can ensure this is not, indeed an issue.
