### New Mexico Geological Society: Fall Field Conference Guidebooks

We are excited to announce that the Field Conference of Pennsylvania Geologists will be returning as an in-person conference this fall.

### Guidebook, Second Regional Field Conference Southeastern Arkansas Valley and the Ouachita and Frontal Ouachita Mountains, Arkansas

Referred to as the Hi-Lo Country, this region includes a history of volcanism encompassed by the Raton-Clayton volcanic field, as well as exposures of Mesozoic and Cenozoic sedimentary rocks that not only record part of the story of past landscapes, but also hold the key to groundwater resources in this off-forgotten corner of New Mexico.
