If we want our children to thrive, teaching them to read is not enough

Students can learn a great deal about the nature of reading by listening to good books, poems, articles, or other types of text read aloud. Instead, students and teachers could share the name of the book that they're reading at the moment, and offer a sentence about it.

Reading Rockets: Launching Young Readers . Resources

Are you disturbed by how ubiquitous electronics are and their impact on reading? Set the table with your children. For example, dialogic book reading interventions, where parents are explicitly taught to actively engage their children in reading activities, have been shown to promote oral language and literacy skills and to be an important element in the pathway to school readiness, literacy and attainment more generally Crain-Thoreson and Dale, 1992. Doing so will help to foster a love of reading in them that makes them want to read at home.

Edutopia

Kids can be greatly impacted from hearing an author if possible, especially one from a similar background to theirs speak about reading and writing. In books, newspapers, and magazines, the language is more complicated, more sophisticated. Give it to a child, and see them become engrossed immediately.
