## Darwin's Radio by Greg Bear

Come visit my blog for the full review... Frighteningly dull. An unusual discovery is made - two Neandertal mummies, with a seemingly normal, Homo Sapiens infant.

## Darwin's Radio (Darwin Series #1) by Greg Bear

The international response to the threat of SHEVA was to form a special task force that would work alongside the CDC to find a vaccine. These aren't the same biology principles I was bored with in high school, these are full out edges of possibility, dangerous and life-changing sciences. Molecular biologist Kaye Lang has spent her career tracing ancient retroviruses in the human genome.

So, I will say up front that I enjoyed this book, very much. Fortunately, the last hundred fifty pages were much better. That 1 makes very little sense after the Women's March and 2 makes even less sense when you've seen enough protests to know that unless there is footage of a murder, there isn't likely to be a riot.

### **Darwin's Radio by Greg Bear**

The Way can be reached only through Axis City, the only space station of Thistledown.

### **Greg Bear: Books: Darwin's Radio**

It was also nominated for the , Locus and Campbell Awards the same year. I really enjoy science fiction with lots of science, and especially evolutionary concepts, so this book appealed to me immensely in theory. Winner: Nebula Award for Best Science Fiction Novel Nominee: Hugo Award for Best Science Fiction Novel Nominee: Locus Award for Best Science Fiction Novel Nominee: John W.
