## Special Operations

Thoroughness is important, but if an agency can find ways to shave off time between testing, interviews, and background checks, then an agency will lose fewer candidates. The size of a squad is dependent on the function or the mission, in which they are engaged or are going to be engaged.

## Hong Kong Fact Sheet

The Met was the first force to introduce PCSOs. Benefits include good salaries, excellent career prospects, a superb pension and the unparalleled sense of pride that comes with helping to make London safer.

## Structure

Responsibility for law and order on the railway system, which runs through several Police Districts, is vested in the Railway District. Facebook, Twitter and other social media avenues are a necessity in our media driven world. Harbor Unit members have multiple missions within the Port of New York.

## Police Department

The Met also has significant national responsibilities, such as co-ordinating and leading on UK-wide national matters and protecting the , certain members of and others as deemed appropriate. Rather these activities are common to each and every manger irrespective of his level or status.

## Command structures

The sheer size and diversity of the MPS brings unique challenges but it also brings unique rewards. However, they are accountable for any information or advice given to commanders.

## **Special Operations**

The Crime Statistics Office under the Crime Wing Headquarters is responsible for collating and analysing crime statistics, and distributing relevant information to frontline and Headquarters units for their monitoring of the overall and specific crime trends and formulation of corresponding crime prevention strategies.

## **About USNORTHCOM**

There is currently a period of transition which will result in the MPD being divided into 12 Basic Command Units made up of two, three or four boroughs. It works closely with the OCTB and other Crime Wing bureaux and provides support to Police Formations in targeting triads and organised crimes.
