Education and Support

Diabetes management starts with you. In 1981 Dr Hillson pioneered Outward BoundRG courses for people with diabetes, with the Outward Bound Trust and British Diabetic Association She has published scientific papers and books on diabetes for patients and professionals, winning numerous writing awards. This pocketbook provides a step-by-step guide to diabetes care for doctors, nurses, and other health care professionals working in primary, community, and secondary care, particularly general practitioners, practice nurses, diabetes specialist nurses, junior hospital doctors, ward nurses, and pharmacists.

Diabetes Care: A Practical Manual

It is written for the physician and the patient, but there is entirely too much technical material in it for the layman and it is more adapted to the needs of the general practitioner.
