In December, bickering inside his parliamentary majority forced Massimo D'Alema, the prime minister, to reshuffle his cabinet. Each case study generates valuable historical insights into not only the history of Northern Europe, but also the welfare state itself as both a phenomenon and a concept. In the first part, historians and anthropologists from various national traditions discuss the process of the construction of Europe and its implications for cultural identities.

A History of the Parish of St. Abstract: A meticulous account of both the very limited interest in liturgical experiment in New Zealand before Vatican II, the dynamics of the Catholic hierarchy's response to it, the cautious and clumsy introduction, and the relatively modest early reaction. However, this volume takes some of these issues into a different area of leisure: the spare-time carved out by people as part of their everyday lives - time that is much more intimately juxtaposed with the pressures and influences of work life, and which often involves specific bodily practices associated with hobbies and sports.
