Nihonto: Real Japanese Samurai Swords

Hiragana and Katagana would have been 51 or more characters and sounds. Said to someone entering your home. Someone who makes no aisatsu may be seen as cold and dysfunctional.

Nihonto: Real Japanese Samurai Swords

Give me an English name or a Chinese name plus any old dictionary and I can guarantee you 99% of the time I can read the name. Japanese kids spend 3+ hours per week learning to read, and that doesn't even count homework.

Nihonto: Real Japanese Samurai Swords

And although they can be really useful at deducing the meaning of complex words, they give little in the way of clues as to how one should pronounce them. I certainly don't see their education suffering anymore than the Japanese. When do Americans say America, and when do they choose to say The United States of America, the states, the US, USA, etc? The language here is adopting and abusing WAY to much from other languages that the people here have no idea where it's from or how to use it in other languages, not to mention the damage to the native tongue it is doing.

Nihongo o Narau

Don't give me this 'showing disrespect to Japan'.

Nihongo o Narau

It appeared that the Ministry of Education almost settled this argument in 1934, but the objections of the people in the Kanto Plain region e. Regardless of whether it's ateji or not, or whether the parents put a lot of thought to it, the average Japanese person is going to look at this name and not have a damn clue as to how to pronounce it. And both pronunciations are still commonly used even now, even with the many dialects spoken around Japan.
