**English prose literature > History and criticism**

The questions Graves and Hodge ask, the objections they raise to the particular sentences exhibited, are never pedantic; they arise from a decision to take the prose seriously. You and I are human beings; most people are snobs.... The chapters on the principles of good writing - clarity and grace - are worth close attention; much is stated as axiomatic which is, in fact, highly speculative.

**The Reader Over Your Shoulder : A Handbook for Writers of English Prose by Alan Hodge and Robert Graves (1979, Trade Paperback) for sale online**

Each principle is carefully defined, then illustrated by snippets of writing that fail the test.
