Multani sincerely believed that his Sikh faith required him to wear the kirpan and the prohibition on wearing it would have prevented him from attending public school altogether.

Boxer Shipping Cases and Foam Inserts

No Grandfathering Of Prohibited Magazines In Canada, pursuant to three orders in council passed under the criminal code s. Limiting the right to vote of non-resident citizens was not minimally impairing, and there was little to justify the choice of five years as the threshold, or to show how it was tailored to respond to a specific problem.

Canadian Transportation Agency

The majority of the Supreme Court held that the challenged provisions infringed voting rights and were not justified by section 1 of the Charter.

Canadian Transportation Agency

Since the North Simcoe Corporation made efforts to reach the linguistic majority community and involve that community in program development and implementation, it had the duty to do the same for the linguistic minority community For the first time, the Supreme Court examined how linguistic equality should factor into the provision of government services.

Court denies request to dismiss case involving flight refunds, Canadian Transportation Agency

This decision had a significant impact on increasing basic fairness in the criminal justice system.

Canada fines two air passengers for false COVID

Quebec, it was declared that federal jurisdiction over shipping is not absolute, and must be construed in conjunction with the power to regulate , where the provinces are entitled to regulate transportation within their boundaries, while the federal government has jurisdiction over transportation

that transcends provincial boundaries and connects the provinces with each other or with other countries. Names are changed, the essential facts are true.

Canada fines two air passengers for false COVID

In 2008, the BC health authorities made an application for a new exemption before the previous one expired.
