Horace Mann Quotes (Author of On the Art of Teaching)

.

THE ETERNAL VERITIES

The ancients also spoke of the motion of beings in the universe as the Wheel of Life, seeing that every being has its own wheel-like motion, and that all together make up the great Wheel, ever turning, ever bringing some beings above into the sunlight, and some below into the shade. After autumn comes winter, and the biting frost comes and kills the growing things. .
