Catalog Record: Artisans and machinery : the moral and...

As we saw in , from the thirteenth to the sixteenth century there was a clear negative relationship between population and real wages: when one went up the other went down, just as Malthusian theory suggests.

9.1 Early Industrialization in the Northeast

Lynching was not just murder, it was a ritual rich with symbolism.

The Economy: Unit 2 Technology, population, and growth

Farmers and labor organizers, meanwhile, argued that God had blessed the weak and that new Gilded Age fortunes and corporate management were inherently immoral. Businesses expanded in scale and scope.

Thornton sees Margaret and Frederick together and assumes that he is her lover. Yet it was in no sense a partisan work, and its author had not

been drawn into any party political movement. Margaret is humbled by his deed on her behalf; she no longer only looks down on Thornton as a hard master and begins to recognize the depth of his character.

She favors, instead, helping workers grow and become emancipated. Some of the exaggerations die hard.

18. Life in Industrial America

This caused unemployment and great upheavals in commerce and industry, with many laborers being displaced by machines and many factories, ships, and other forms of fixed capital becoming obsolete in a very short time span.
