Photonics Elements and Devices Rampal V. We are experts at designing complete business solutions to improve the way your business operates. She currently oversees the day-to-day financial activities and supervises the everyday accounting functions.

UQG Optics

For over a decade, Tech-Optics has been providing our customers with high-quality laser printer supplies for both commercial and residential use. The courses focus on topics related to optics, nature of light with electricity, related hardware devices and more.

TechOptics, Inc

The scope of this technical group covers holography technology, holographic materials, digital holographic imaging, holographic microscope, computer-generated holograms, diffractive optical elements, holographic nano-fabrication methods, diffractive-optic micro-manipulation, spatial light modulators for phase modulation, 3D display using spatial light modulators, holographic measurements of 3D structures, phase unwrapping, and other related topics. OSA Technical Groups aim to create vibrant, active communities for all of our members to participate in. MICHELLE GONZALEZ Controller Michelle has been with Tech-Optics since 2007.

Tech

Since 1994, TechOptics has been North Georgia's one stop provider of Voice, Data, Video, and Security solutions.

TechOptics, Inc

Augustin Betancourt National Service Manager Agustin has over 25 years of IT experience with extensive Management skills. Tris Snyder Technology Solutions As consultant to Tech-Optics Inc.
