Evita (musical)

Ibarguren and her children were forced to move to the poorest area of Junín. I bet I have seen it at least 25 times! Every year, thousands of Argentines and foreigners visit her tomb in Recoleta cemetery, walking past the graves of presidents, statesmen and poets to get to her, and they leave flowers, cards and presents.

Biography of María Eva Perón

Maia Reficco as young Eva from 15—20, and from 20—33. The cast for the tour included as Eva, as Che, Sean McLaughlin as Perón, Christopher Johnstone as Magaldi, as Mistress and as the alternate for Eva Perón. My two favorite songs are Oh What A Circus and The Waltz For Eva And Che.

EVITA

I did like them using the real Peron's pictures.

EVITA

She bleached her naturally black hair to blonde, a look she maintained for the rest of her life.

Evita Movement

Actress and Radio Star Attractive and charming, Evita quickly found work as an actress. Susannah Fellows also understudied Eva. Thanks to a lavish 1978 stage musical by Andrew Lloyd Weber, even people who have never paid any attention to Argentina or its politics know who Evita was and are familiar with the popular iconography that has grown up around her.
