organizations; academic courses not part of a total program in lexicography; teaching about dictionaries which forms a significant part of academic courses in other subjects; and diploma or degree programs in lexicography.

Musical Scotland, past and present : being a dictionary of Scottish musicians from about 1400 till t...

But, in an effort to be up-to-date, general-purpose dictionaries will want to include, certainly in their desk and concise editions, words from fields such as computing, medicine, technology, business and finance, and the environment. A taboo word, therefore, is one that you would not use in ordinary conversation, unless you wanted to shock.

.

R. Wooldridge: Lexicography

Current lexicographic products are not characterized by showing explicit, systematic, and organized cultural data about cultural words or expressions found in their vocabularies. Note that, when writing affixes, the convention is to put a hyphen on the side where the affix is bound, i. Immense and enormous suggest size or degree far in excess of what is usual, with immense sometimes implying almost infinite.

Lexicographica

COBUILD was not just the first dictionary to be based on a computer corpus; it innovated in a number of other ways as well.
