## Domestic violence: issues and policy challenges

An overview of current policy approaches including some international initiatives and a brief overview of government policy responses to date are also included. While there are no easy answers, this paper provides information in a simplified format on issues surrounding domestic violence drawing from key research the paper focuses on Australia, but some international research is cited where relevant. The National Plan has been received very positively by most stakeholders and commentators, but some argue that ongoing, integrated resourcing and funding across all jurisdictions is crucial in order to effect long-term change.

## International Law Commission

The FBI and USAOs have offices in most major cities and have publicly-listed phone numbers. Ample empirical evidence supports the idea that African Americans, and residents of predominantly African American neighborhoods, are more likely than whites to view the police as illegitimate and untrustworthy, along several axes. Complaints have not denied that Neha Kumari was suffering from ailments from the very birth and that she was operated upon when she was only four years of age.

Therefore, it is expected that a doctor carry out necessary investigation or seeks a report from the patient. See J Ransley and C Bond, op. Its two core ideas—that people will accept unfavorable police decisions so long as the preceding processes are perceived to be fair, and that the police should treat all people, including African Americans and the poor, with dignity and respect in order to be more effective at the work of crime deterrence—are marked deviations from the prevailing wisdom about policing that preceded legitimacy theory.
