## Moral

Assessing the role of language in moral and ethical judgment is the main focus of *The Language of Morals* by the analytical philosopher R.

## 20 Examples of Ethics and Morals in Daily Life

We may therefore say that although moral principles, which are normally taught us when we are immature, are taught largely by method 2, and principles of driving preponderantly by method 1, there is not an absolute division between the two sorts of principle in this respect. The moral here is: pay attention to the warning lights in your car. REVISING THE LANGUAGE OF MORALS REVISING THE LANGUAGE OF MORALS CORNETT, RUSSELL W.

## The Language of Morals

Finally MacIntyre argues that universalizability becomes vacuous since in some cases no one ever will be in the same circumstances as an agent

faced with a particular decision. Results and Discussion Across all populations more participants selected the utilitarian choice, to save five by killing one, when using the foreign language than their native tongue. Wasting money is generally imprudent.
