**Al**

Such a doctrine was likely to diminish the influence of the learned doctors, the interpreters of the sacred text, who found themselves defending 'Abbāsid legitimism; in addition, the doctrine demanded exceptional and religious qualities of the caliph, for it went so far as to authorize rebellion against a wicked sovereign.

### Support Al

It was not merely a question of a personal rivalry between the two brothers—one of whom, al-Ma'mūn, was unquestionably of far-superior intelligence—it was also a question of a conflict between different politico-religious trends that had become apparent during the preceding reign; al-Amīn had emphasized traditionalism and Arab, while al-Ma'mūn, who was open to new movements of thought and outside influences, courted the support of Iranian figures and of the eastern provinces. . .
