Drawing Tools To prepare a drawing, one can use manual drafting instruments figure 12 or computer-aided drafting or design, or CAD. The reason for specifying the standards in detail is that the drawings are printed and published in a uniform style when the patent issues and the drawings must also be such that they can be readily understood by persons using the patent descriptions. The basic technical drawing course is therefore designed to give students a brief look to some of the well rounded ... This website is dedicated for Ethiopian Students.
