## The Nobel Prize in Literature is awarded to Odysseas Elytis

What I mean by limpidity is that behind a given thing something different can be seen and behind that still something else, and so on and so on. The cries of birds which he had come to memorize in hours of great lonely ness apparently spilled out all at once, so that it was impossible for the knife to enter deeply. .

He came in close contact with writers like Breton, Eluard, Char, Jouve and Michaux and with artists such as Matisse, Picasso and Giacometti.

**The Other Face of Pride: Odysseus Elytis, 1911**

This one-stop reference source is packed with illustrative descriptions of daily life in Greece in the 21st century. We Greeks belong politically, of course, to the Occident.
