**Nahj al**

Were there any ethical issues involved in this research and how were they handled? Distinguish clearly between theoretical constructs and operations used to measure them, and consider whether the operations used are valid for the constructs at hand. What were the key variables being studied e. Virtue is her own reward.

## Methods of teaching on

Think about what you are interested in that relates to the course for which you are doing a research project.

## Satellite Television and Training for On

You may look for sites relating to any part of psychology that interests you.

**Nahj al**

When Ali assumed the Caliphate, Abu Musa was in Kufa.

## FAKYR — a method base system for education and research in information retrieval

That is, tell me how your search results influenced subsequent requests in the sequence e. It is also known as Khutba-e-Gharra an eminent sermon and Khutba-e-Ajiba a wonderful sermon.

## Methods of teaching on

The agent must adapt to different users. Both LKBS and IKBS will include rules and knowledge which will be domain independent and furthermore can be used and reused independently of the user defined search term. Ali made Adi the commander of the army.

**Access to OCLC and Internet Resources: LIS Educators' Views and Teaching Practices on JSTOR**

This paper outlines the use of Intelligent Agents developed on World Wide Web towards user training and information retrieval tasks. System improvements are suggested from analysis of these reports.
