Why It Matters: Conflict reverses development and carries a tremendous cost — both in human lives and physical destruction. Since 1998, it has also held a meeting each April with finance ministers heading key committees of the World Bank and the International Monetary Fund IMF. Due to the powers vested in its and its unique international character, the United Nations can take action on the issues confronting humanity in the 21st century, such as peace and security, climate change, sustainable development, human rights, disarmament, terrorism, humanitarian and health emergencies, gender equality, governance, food production, and more.
