## Materials presented at the MU

Contrary to popular belief, it is given to artists, not politicians, to create a new world order. Early work in the field of metal plasticity indicated that inelastic deformations are essentially unaffected by hydrostatic stress. Mechanical behaviour of glasses and non-crystalline solids 11.

## Loot.co.za: Sitemap

The social division between artists and spectators seemed to be firmly established: spectators were subjects of an aesthetic attitude—artworks produced by artists were objects of aesthetic contemplation.
