## Abortion and fertility regulation

All these measures can be obtained from a collection of individual fertility histories consisting of the dates of birth of each of a simulated individual's children.

## GAPD

From 1966 to 1970 the Cultural Revolution put a stop to all Family planning initiatives.

## FERTILITY CONTROL TRANSITION FROM ABORTION TO CONTRACEPTION IN JAPAN SINCE 1948 on JSTOR

It has, however, been pointed out earlier that the facility of induced abortion has not been available in that country since 1966. Abstract Economic hardship accompanying large recessions can lead families to terminate unplanned pregnancies. Budapest: Hungarian Demographic Research Institute.

## 6 Creative Ways Countries Have Tried to Up Their Birth Rates

The abortion rate in developed countries is 24 per 1000, and in developing countries, the estimate is higher at 29. The employers' association is also strongly against the system, because employers have to be responsible for a half of the premiums of their employees, which will be a burden in this financially difficult time.

## 6 Creative Ways Countries Have Tried to Up Their Birth Rates

Many elderly patients just go back and forth between the hospital and their home because their conditions deteriorate when they stay at home with so many barriers.

## **Family policy in Japan**

Women who checked into hospitals and clinics with symptoms of back-alley abortions were referred to prosecutors for investigation.
