I enjoyed Eric James on John Robinson.

The American Political Character in 21st Century Retrospect — The Baram House

But is the difference this commonplace? Newbigin has much to offer this debate.

But your memories would actually get read.

The American Political Character in 21st Century Retrospect — The Baram House

He always acknowledged his modest working class background, said many times that he was not obviously born to be a prince of the church like his fellow bishops.

The American Political Character in 21st Century Retrospect — The Baram House

Perhaps as he neared his end he began to see his career in a larger perspective where every life, however distinguished, is as little or nothing in the grand scheme of things. Abraham forced me to rethink evangelism more biblically and to place individual witness in the context of the on-going flow of kingdom discipleship.

Difference Between Memoir and Autobiography

He has a PhD on Newbigin, has written widely on gospel and culture issues.
