In Search of Doc Holliday (2016)

Although all donations are welcomed and needed! He has been portrayed in so many movies, TV shows etc, it was interesting to see what the real guy was like. He then searched for any laws specific to Tuberculosis. If the character of the Southern-gentleman-gambler Hatfield is also partly based on Holliday being played by the thin John Carradine, for emphasis, in the original film, then the 1986 remake actually contains three characters in whole or partly based on Holliday.

Doc Holiday

Although Frank McLaury is sometimes erroneously stated to have been hit by three bullets based on the next-day news accounts in Tombstone papers, at the coroner's inquest, Frank was found to actually have been hit only in the stomach and in the neck under the ear; therefore either Holliday or Morgan missed Frank. Whenever I have done any shooting, it has always been with this in mind. It is said that the last couple of months of his life that he got out of bed maybe twice.
