Heffernan, Thomas Farel. Mutiny on the Globe; the fatal voyage of Samuel Comstock.

Globe arrived back in port on 14 November 1824 with 372 barrels of sperm oil. Much of this book is spent telling what happened after his plan was thwarted, especially to the remaining two sailors left for two years with the natives until being rescued by the US Navy.

Mutiny on the The Fatal Voyage of Samuel Comstock: Heffernan, Thomas: Amazon.sg: Books

In the confusion, brother George and five others seized the despoiled vessel and contrived to sail it to safety. YAs as well as maritime buffs will enjoy this for casual reading. The story is now that of the six crew members inclusive of 15-year-old George Comstock who managed to sail the Globe some 7,000 miles to Valparaiso, Chile, and also the nine men quickly reduced to two who stayed behind on the island.

Mutiny on the Globe: The Fatal Voyage of... book by Thomas Farel Heffernan

The resolute and meritorious action of the rescuers and the rescued nicely contrasts to the bloody mutiny itself. The Globe's story is one of terror, adventure, endurance, and luck. It was a premeditated act; in his sea chest Comstock carried the seeds, tools, and weapons with which he would found his own island kingdom.

Mutiny on the Globe: The Fatal Voyage of Samuel Comstock

The book was first published in 2002 but it reads as though it was written in a much earlier time.

Mutiny on the Globe The Fatal Voyage of Samuel Comstock

The mutineers killed Captain Worth and three other officers. Was the sailor Samuel Comstock a devil incarnate or just an over-romantic boy, a

helplessly muddled youth or a callow adventurer with a streak of cruelty? It's quite astounding how much information he was able to gather about an event that occurred in 1822 on a remote South Pacific island, so I give a LOT of credit to him for a job well-researched, but I did have to skim here and there to get through some of the less exciting. The historical event of the mutiny itself was very interesting, but Heffernan is a bit of a dry writer, in that he included in his presentation of the material EVERY possible detail or presumed detail of the ill-fated voyage. I found the story to be a little disappointing.

Mutiny on the Globe : the fatal voyage of Samuel Comstock (Book, 2003) [quizapp.evertonfc.com]

Soon after William Humphries, one of the mutineers, was accused of plotting to take the ship; a of the mutineers tried him and, finding him guilty, hanged him.
