Mergers and Acquisitions

An example of this type of transaction is Manulife Financial Corporation's 2004 acquisition of John Hancock Financial Services, wherein both companies preserved their names and organizational structures. There are numerous challenges particular to this type of transaction, including isolating the specific assets and liabilities that pertain to the unit, determining whether the unit utilizes services from other units of the selling company, transferring employees, transferring permits and licenses, and ensuring that the seller does not compete with the buyer in the same business area in the future.
