The Penal Code also contains provisions that deal specifically with the bribery of domestic public officials sections 161 to 165. It also focuses on commercial crime.

**Singapore**

In recognition of his experience and expertise in the field of IP licensing and commercialization, Yu Sarn was accredited as a Certified Licensing Professional CLP by Certified Licensing Professionals, Inc. In regulatory proceedings, the extent of disclosure required is determined by the rules applicable to the particular regulatory proceedings.

**Singapore**

This work includes preparing companies for capital raising through IP audits.

**Singapore**

This growth in greater connectivity and the blurred geographical boundaries is also widening the pool of talent and access to skills. Business ethics, product governance, and access to basic services are key issues that could impact valuations of Big Pharma and biotech companies.
