However, a portion of state funding comes indirectly from the federal government in the form of

Expenditure Study

The increase in public spending was largely paid for by state and local governments, which now pay significantly more than the federal government. For a period of 10-15 years in the 1970s and 1980s, the federal government provided substantial amounts of subsidized funding largely in the form of grants to water and wastewater utilities across the country. International Journal of Information Technologies, 7 2 , 29—37. Last year, President Trump led a bipartisan effort to pass successive targeted stimulus plans to ensure that the pandemic recession did not turn into a depression.

State Expenditure: A Study in Waste, Economic Affairs

As Milton Friedman famously summarized Adam Smith, it is much easier to get a special advantage by framing it as a public good even when it is not than to simply ask for special treatment. Housing and community development expenditures accounted for another 2 percent of state and local direct general expenditures.
