### **Gay Men Used to Earn Less than Straight Men; Now They Earn More**

The researchers found that, on average, confederates wearing the gay cap did not suffer from formal discrimination, perhaps because the outcome measures captured only a few measures available at the beginning of the job hiring process. The studies support the conclusion that sexual orientation discrimination lowers the wages of gay men. In states that currently prohibit sexual orientation discrimination, LGB people file complaints of employment discrimination at similar rates to women and racial minorities.
