Illustrated Mission Furniture Catalog, 1912

Globe-Wernicke Cabinet, The Globe Co. The individual document file boxes were patented by Woodruff in 1868. For cabinets with closed pigeon holes: Earliest advertisement 1883.

Illustrated catalogue of office and library furniture. : American Desk Manufactory (New York, N.Y.) : Free Download, Borrow, and Streaming : Internet Archive

Features designs from numerous well-known designers, including Marcel Breuer, Charles and Ray Eames, Gio Ponti, Richard Sapper, Jasper Morrison and Konstantin Grcic. Thomas Chippendale 1718—79 was the most famous and most skilled of England's master cabinet-makers. After extensive searching, the earliest evidence we have found of a vertical filing cabinet being marketed is the 1900 Library Bureau catalog cited in the preceding paragraph.

The Gentleman and Cabinet

Case of 24 Pigeon-Holes, A. Realized in collaboration with the Museo Casa Mollino and written by the Museum's curators Napoleone Ferrari and Fulvio Ferrari, this monograph emphasizes the contemporary significance of Mollino's groundbreaking oeuvre. Document Filing Cabinet During the 19th century, documents particularly legal documents were often folded twice before being stored on edge with the flat portions of the papers parallel to the fronts of the drawers.

Illustrated Mission Furniture Catalog, 1912

Transfer filing cabinets were more cheaply made than the primary filing cabinets, as the advertisement to the right illustrates.
