## The use of antibiotics for the preservation of food products

Viznachennya vm<sup>3</sup>stu oksitetratsiklina gidrokhloridu v molochnikh produktakh elektrokhl<sup>3</sup>m<sup>3</sup>chnimi metodami.

## METHODS AND OBJECTS OF CHEMICAL ANALYSIS 2013, V.8, no.1

Our review includes studies on the effect of prescribing-focused QI strategies on AMR, clinical outcomes, costs of prescribing, and patient satisfaction.

77567036

Europium-sensitized luminescence determination of oxytetracycline in catfish muscle. Liquid-chromatographthy combined with tandem mass spectrometry for the confirmation of carafloxacin in catfish tissue. The introduction of antibiotic therapy into medical practice has yielded substantial benefits for patients over the past 6 decades.

77567036

Analysis of minocycline by high-performance liquid chromatography in tissue and serum. Determination of lasalocid with sensitized terbium III luminescence detection. Subcommittee on Health Publisher: ISBN: Category: Antibiotics in animal nutrition Page: 351 View: 114.

## The use of antibiotics for the preservation of food products

Ekspress-obnaruzhenie antibiotikov v myasoproduktakh metodom vremyaproletnoi plazmenno-desorbtsionnoi mass-spektrometrii. Some recommendations on responsible conduct in this context are proposed, aimed at diminishing the threat of build up of antimicrobial resistance.

Accomplishing this requires a two-part approach.
