MAYAN MASKS

In April, I began the process of putting together a poetry collection that reflected on life during the spread of the new coronavirus, believing in the healing power of words. His plans were bold and fiery, and his conceptions glowed with barbaric lustre.

The scarlet stains upon the body and especially upon the face of the victim, were the pest ban which shut him out from the aid and from the sympathy of his fellow-men.

The Masque of the Red Death

This is an illusion for a simple reason: the Egyptian practice of using recycled papyrus in mummy masks ended before the Christian era began. But from a certain nameless awe with which the mad assumptions of the mummer had inspired the whole party, there were found none who put forth hand to seize him; so that, unimpeded, he passed within a yard of the prince's person; and, while the vast assembly, as if with one impulse, shrank from the centres of the rooms to the walls, he made his way uninterruptedly, but with the same solemn and measured step which had distinguished him from the first, through the blue chamber to the purple --through the purple to the green --through the green to the orange --through this again to the white --and even thence to the violet, ere a decided movement had been made to arrest him. You can almost feel the blood coursing through your body and the nerves firing their signals one to the next along the great network from brain around to brain again.

What he does not make clear, however, is that none of these fragments actually came from the two mummy masks that Carroll dissolved that day. The second chamber was purple in its ornaments and tapestries, and here the panes were purple.

Why did the Museum of the Bible's scholars destroy ancient Egyptian artifacts?

The dreams are stiff-frozen as they stand. But funerary masks were produced for nonroyal Egyptians as well, albeit in considerably more mundane fashion. And one by one dropped the revellers in the blood-bedewed halls of their revel, and died each in the despairing posture of his fall.
