Good for pre-1945 statistics, particularly for the British Empire. Special Data Dissemination Standard SDDS The Special Data Dissemination Standard SDDS was established in 1996 within the IMF's Data Standards Initiatives to guide member countries in the dissemination of comprehensive, timely, accessible, and reliable economic and financial statistical data in the context of increasing economic and financial integration. It must also be prepared, at all times, to guard against unexpected events that might threaten the stability of the system.

## International financial statistics / International Monetary Fund
