Looking back on 40 years of the cell phone

This text provides general information.

How Many People Have Smartphones Worldwide (Feb 2021)

Generation 8: iPhone 6 and 6 Plus iPhone 6 Release Date: September 19, 2014 At this point in iPhone history, the yearly release for the new device had become more than tradition. Cell phone sharing is prevalent in urban India, as families and groups of friends often share one or more mobile phones among their members.

Constant Touch: A Global History of the Mobile Phone

This loosely-organized system discouraged roaming and came with a complicated billing system and complicated, expensive set of equipment. The system also featured improved customer dialing.

iPhone History: Every Generation in Timeline Order 2007

European Mobile Radio Networks Europe, like America, developed its own series of mobile radio networks. A median of 53% among cell phone owners say they have done this in the past year. Examples of countries included in this are the UK, UAE, United States, France, Spain, and Canada.
