## Some Criticisms of Investment Credit Economics

Now is the time for India to be bold and invest to create conditions that will stimulate further economic activity. In recent years, Japan has been the top export market for almost 15 trading nations worldwide.

## 江見康一

It will boost all three, which is why people cry out for a tax cut when the economy is sluggish. Government spending also acts as an automatic stabilizer, especially during downturns. New and used cars are inexpensive, and the Japanese government has encouraged people to buy.

## Vol. 37, No. 3, Autumn, 1964 of Pacific Affairs on JSTOR

Nobody in government circles talks about Japan in 2050 or Japan in the long-term future. That leaves room for considerably more investment in a country starved of essential infrastructure. Further the sales tax rate has stood at 5 per cent for years even though deficits have been increasing.

## Monetary and fiscal policy of Japan

Now the new Prime Minister in Japan has been trying to push that agenda through since he was elected in September 2011.

## Japan grows

The largest ports in Japan include , the , the and the. Economics of Intergenerational Equity in Transition Economies 2006 39 Noriyuki TAKAYAMA, ed. From the 1980s onwards, Japanese department stores face fierce competition from supermarkets and convenience stores, gradually losing their presences.
