Le conflit israëlo

Pays reconnaissant la Palestine le 29 novembre 2012 En 1993, l' voit le jour à la suite des accords de Washington ou Oslo I. Les gouvernements arabes, y compris le palestinien, se sont empressés de faire des gestes conciliants et de parler de démocratie, tout en critiquant l'occupation de l'Irak par les Etats Unis qui a suscité beaucoup de ressentiment. Concernant les territoires occupés en 1967, Israël utilise l'arsenal de lois d'occupation datant des Anglais et promulgue des milliers d'ordonnances militaires dont certaines sont toujours en vigueur aujourd'hui.
