### Sales Catalog

This form of art glass has been in continuous production since the early 1830s. Being the first produced, it should be a crisper and clearer glass.

### Classic Auto Glass Catalog

The Novy Bor Glass Museum has a large selection of both historical glass fashioned after the forest glass of the 16th and 17th centuries and copies of painted glass from the 19th and 20th centuries.

### Early American Prescut Glass Guide, Valuation & FREE Sale Advice

The pattern was designed by William C. It will increase your interest, understanding, recognition, and appreciation of American Brilliant Cut Glass.

### Sales Catalog

Crystalex, 2002, p31 for a photo of similar forms from Muhlhaus. Signatures applied in colored enamels cannot usually be removed without leaving some scratches or otherwise disturbing the surface. Some of the Egermann-style, red-stained engraved glass has changed very little in the past 100 or more years.

### Sterling Cut Glass

The glassware produced by Heinrich Hoffmann and Henry Schlevogt in the 1930s is still immensely popular. Follow along as we remove the 150-year-old windows from the church and restore them in our studio so they can shine for another 150 years. The clear glass assumes a frosted appearance when the overlay layer is sandblasted away.
