Contending with a Polemical Tradition

Does he tell you that the North African Moors took our people as slaves, our boys to be castrated as eunuchs, our girls as harem toys? Well, a perpetually backslidden anarchist anyway thanks Manu for that phrase. This is the first time I've ever called in a radio show. Happily, however, no serious accident occurred : and after long toils, the monarch and his little train found themselves on the summit of a ridge, a descent from which would lead them into Italy.
