**Night Light: A Devotional for Couples, Paperback: Dr. James Dobson, Shirley Dobson: 9781414320601**

Do you value your marriage enough to spend some moments each evening sharing devotional time with your spouse? We finished the book just last week and are now hunting for another one that has the same format.

**Christian Books, Bibles, Gifts & more.**

My husband and I will be married for one year this weekend, and this devotional has opened up a whole new world of what marriage can be. If your spouse is determined not to read it together every once in awhile, it may not be worth it for you, but who knows, you may get something out of it all on your own. We chose to learn some of this marriage wisdom the hard way through our own experiences.

**Night Light: A Devotional for Couples**

Helping couples to start discussion in important matters. We read several weeks right away, then stopped. I'm a pretty young married woman and this was more for people married at least ten years or more which I am in my 5th year of marriage currently.

**Night Light: A Devotional for Couples by James C. Dobson**

Box 1720, Sisters, Oregon 97759. My husband and I received this book as a gift and began reading it together every night shortly after we were married. I must point out, however, this devotional is not intended for singles.

**Night Light: A Devotional for Couples**

This one HAS to be the best. Bringing Up Girls and Bringing Up Boys are fantastic, must-read books. I'm a pretty young married woman and this was more for people married at least ten years or more which I am in my 5th year of marriage currently.

**Night Light: A Devotional for Couples, Paperback: Dr. James Dobson, Shirley Dobson: 9781414320601**

Short, thought-provoking, and a real springboard to open communication. Each devotion only takes about 10 to 15 minutes, and that is time very

well spent. I am sure we'll read it again one day together.

**Night Light: A Devotional for Couples by James C. Dobson**

After spending more time with the book, I can see why. If you have only been married a few years, find a copy of this devotional book for couples and spend some special quality time with your spouse each evening for twenty-six weeks. I really enjoyed it, and shared parts of it with her.
