Distribution of gold and some base metals in the Slana area, eastern Alaska Range, Alaska, by D. This was indeed the situation here; the content and presentation of the theories were therefore legitimately at issue and part of the presentation of his full legal case.

## Environmental Health Mission Area

Floods on small streams in North Carolina, probable magnitude and frequency, by H. For many years, Deg had preached that science could be regarded as a branch of administration and administration, the huge corpus of civilized routines, as the outward expression of human habits, largely

unconscious, and therefore excusably termed obsessions. There came shortly afterwards to Deg another letter from Albert Schenkman, Publisher of Cambridge, Mass.
