Yet in a larger view of the discipline, philosophical and aesthetic problems are also important to it, and this particularly if we agree with Enzo Paci, that our very culture depends on eros. Where philosophy was once handmaiden to theology, it is now pressed into the service of natural science, as a clarifier of concepts, a purifier of perception, and, in general,.

## A Phenomenology of Eros

It was the conviction of the editors that the scientific view of sexuality, as promoted in such valuable studies as those conducted by Masters and Johnson, needed considerable supplement and perspective.

Joseph Smith } } Edited by Added goodreads ID. It was the conviction of the editors that the scientific view of sexuality, as promoted in such valuable studies as those conducted by Masters and Johnson, needed considerable supplement and perspective. On the surface it is easier for us to grasp the work of the philosopher in this area; and, of course, one expects the psychologist to deal with sexuality more explicitly than anyone else.
