## Strategic Defense Initiative

Also, since only the projectile leaves the gun, a railgun system can potentially fire many times before needing to be resupplied. Some critics used the term derisively, implying it was an impractical science fiction.

## Air Defense Initiative: Program Cost and Schedule Not Yet Determined

Air Force's ABMS , the Army's IBCS , and the U. The report considered all of the systems then under development, and concluded none of them were anywhere near ready for deployment. When initially faced with this problem, asked to consider alternative concepts.

## ADI

Another common criticism of SDI was that it was simply not a feasible project.

## Air Force Hits Major Snags With Airborne Laser Initiatives For Fighters And Missile Defense

Though specific details are extremely limited, the plans to establish new forward-deployed long-range precision-strike capabilities are certainly one of the most notable aspects of the proposed PDI spending layout.

## This Is The Pentagon's \$27 Billion Master Plan To Deter China In The Pacific

Although Reagan was sincerely invested in SDI for the purposes of national security and never intended for it to be a bargaining chip, many of his advisors acknowledged its potential as a negotiating tool.

## ADI

Though classified at the time, a detailed study on a Soviet space-based LASER system began no later than 1976 as the , a 1 MW along with the anti-satellite , an in-orbit missile platform. In addition, the plan is to add , as well as new and , and find ways to ensure access to airfields, ports, and other facilities needed to future distributed operations. Heggemeier did not say what type of aircraft carried the pod during those tests, but Air

Force Magazine that a variant of the F-15 family had been slated to carry the complete prototype system.

### **Strategic Defense Initiative (SDI)**

It appealed both to the desire for security against nuclear war and to the belief in the superiority of American technological achievements.
