About

I say this because great writing about an aspect of life, such as religious or national or racial origins, also dispels stereotypes and enriches the understanding of a reader who is not a member of that religion, nation or race.

Malamud's stories deal with pinched urban lives, struggles to make ends more-or-less meet, or carefully planned respites disrupted by unexpected demands on hard-earned, limited savings; they are grounded in the mundane material, a banality that characters try to escape from into writing, study, art, fantasised romance. At first, the story seems to appear as a quest to find love but it quickly turns into its roots once more: find your faith and believe in God.

The stories are set in New York and in Italy where Malamud's alter ego, the struggling New York Jewish painter, Arthur Fidelman, roams amid the ruins of old Europe in search of his artistic patrimony ; they tell of egg candlers and shoemakers, matchmakers, and rabbis, in a voice that

blends vigorous urban realism, Yiddish idiom, and a dash of artistic magic. Was Malamud really an outdated moralist who believed in a universal stable self? This is particularly evident in the endings of his stories, which are often pointedly enigmatic, strange, a This book made me long for the warm swaddle of classroom discussion. Even when Malamud writes a humorous story, it is filled with underlying doubt in human nature, concentrating on the tendency of people to try to be what they are not.
