## Cardiac Rehabilitation at Inova

Benefits also include weight loss, improved cholesterol levels, less stress and a lower risk of depression. It typically involves exercises, education about topics such as the diet, and stress management techniques. This does not mean a physician must write an order every day, but it means the physician must write an order for what is done, prior to it being done.

## Cardiac Rehabilitation Program Coverage

When creating your account and scheduling your exam, you will need your AACVPR candidate ID number from the Authorization-to-Test email sent to you upon completion of the application process. CDT is a trademark of the ADA. Learn more about Coordinated through Professional Testing PTI.

## Cardiac rehabilitation: Definition, benefits, what to expect, and more

To schedule online, first-time test takers must create a.

## Cardiac Rehab

Non-hospital-based settings: The claim must show the place of service and the facility must provide documentation to verify a physician is immediately available and accessible for medical consultations and emergencies at all times when items and services are being furnished under the program. There are clear benefits of cardiac rehabilitation, but it is not mandatory. Because cardiac rehab is a form of medical treatment, a doctor's referral should be required.

## Cardiac rehabilitation

To that end, Blumenthal and Johns Hopkins colleagues are investigating ways to get patients to stick with cardiac rehab.
