Then the headlight beams swung away from him and down the length of road farther on. He spun a valve on a chrome canister, then tethered the plastic mask to his own face. Two streaks of red pulsed down the asphalt.

**Inferno: New Tales of Terror and the Supernatural by Ellen Datlow**

I love them I just can't take an entire anthology it wants most of the time. I had less luck with the tales that focused just on sheer human meanness.

**The Dark Side: Tales of Terror and the Supernatural**

Shelley The Faceless Thing by Edward D.

**Masterpieces of Terror and the Supernatural: A Treasury of Spellbinding ...**

Things stopped working, or something else happened to them, and then they were supposedly getting fixed but that never happened, either. I can't keep you warm anymore. The special effects including the sequence in Morella where the spirit of the dead wife emerges through dark cobwebbed corridors in sinister shadow must have pushed the technological bounds of cinema to its limits at the time.

**Publication: Masterpieces of Terror and the Supernatural**

Unfortunately, I didn't experience such a sensation even once while reading these tales.

**Classic Ghost Stories: Eighteen Spine**

But the prose sets the mood and creates an atmosphere that invokes a sense of dread that is so perfect for this type of story - the kind that makes your skin crawl.
